Bosco; Aluminium Veranda

Our “bestseller”, choose your own look!

The Bosco is an aluminium veranda with a very high level of finish. In addition, the Bosco has a wide range of choices, such as the finish of the decorative gutter front and the look of the uprights. You can tune the Bosco entirely to your style, taste and preferences. This gives you the perfect match with your home and garden.

Bosco

The Bosco veranda is flexible in design, making it perfect for every outdoor situation

The Bosco has the best price-quality ratio in the market, making it the bestselling model of Deponti. The success of the Bosco lies in the optimal freedom of choice the product offers in the field of looks and possibilities. Because of our modular system, the possibilities with the Bosco are endless and suitable for every situation and every style. This veranda is interlinkable, meaning that the Bosco can be made as wide as you want.

Nebbiolo; Aluminium Veranda

Slim, elegant and very competitively priced

The Nebbiolo is number one when it comes to quality and price. This veranda is slimmer than our other models, offering excellent value for money. In the slimline veranda market the Nebbiolo is sturdier than what is usually expected. The in-between beams are fitted with aluminium covers instead of plastic top covers, which makes the covering very sturdy and robust. The Nebbiolo is characterised by a slim, elegant and timeless design.

Nebbiolo

Enjoy special moments sheltered from the forces of the weather.

With the Nebbiolo from Deponti you will experience your garden as you would like to experience your garden. All this under a slim, elegant and timeless design.

This veranda is available in standard widths of 4, 5 or 6 meters. The roof is equipped with a polycarbonate roof; high-quality and durable material with a timeless appearance.

Ribolla; Aluminium Veranda

Enjoy a covered terrace anywhere

Behind your lawn. By the pond. Or at the pool. With the Ribolla from Deponti you bring the inside out. Anywhere in your garden.

Outdoor living wherever you want. With a veranda you can bring the indoors outside and create a wonderful place directly adjacent to your home. With the Ribolla, however, Deponti presents a veranda that can be placed completely free-standing in your garden. The construction of this roof is completely independent. This means you are not dependent on placement against the wall. You can create a covered terrace at any desired location and enjoy the outdoors to the fullest.

Ribolla

The Ribolla veranda is fully detached, meaning that it can be placed at every location in your garden

The highest point of the Ribolla is at the front. As a result, the drain and gutter are nicely concealed at the back. The Ribolla can also be built with flexibility in mind. It comes standard with a closed back wall, one closed side wall (or a side wall with an ultra-clear polycarbonate window) and one side wall with a landing. Of course, other combinations and variants are also possible and the Ribolla can be adapted to suit your requirements.

Trebbiano; premium glass solution Cubistic look, maximum benefits

The Trebbiano is a stunning addition to any garden or terrace. It features elegant shapes and modern solutions for connecting indoor and outdoor spaces. Utilising a glass roof with a maximum span of seven metres between two posts, the Trebbiano provides all the benefits of a wall-mounted veranda and a flat-roofed pergola.

Trebbiano

The Trebbiano; a stylish option for British homes

The flat-roofed Trebbiano solution is ideal for buildings with less available space to fit lean-to verandas. With the possibility of installing it on bungalows and under low-pitched roofs, the Trebbiano offers an affordable option to maximise your outdoor space. The firmly reinforced glass allows for an unobstructed view of the sky. Additionally, its straight roofed design adds versatility, allowing it to function effectively as a carport.
