OUTDOOR LUXURY LIVING

Bioclimatic CUSTOM Pergolas

MORVELLE 

EDEN GROVE
OUTDOOR LUXURY LIVING

Born from decades of expertise in UK construction, architectural glazing, and bespoke renovations, Eden Grove Luxury Outdoor Living delivers premium Pergolas and Garden Living Solutions custom designed for the British climate.

Backed by industry leaders RISDON RENOVATIONS LIMITED and PGS Glass Limited, we create high-performance, weather-resistant spaces. With decades of experience in home improvements and architectural glazing, including an impressive client list, our team brings a deep understanding of durability, engineering, and aesthetics to every pergola and furnishing we offer.

Designed for every season

Carefully crafted

For over two years, our R&D team worked to develop a system that can not only withstand the elements but can be custom-made specifically for your garden, occupying as much or as little space as you'd like.

10 year-warranty

Using the highest grade 6063-T6 aluminium, premium quality is guaranteed. Powder-coated to Qualicoat's industry standard, we provide a 10-year warranty with every pergola. Motor and electrical parts are also covered with a 2-year manufacturer's warranty.

British made

We are the first and only British manufacturer of bioclimatic pergolas, and extremely proud of it. From our 13,000 ft production facility in Hampshire, your pergola will be precision-made to make the most of your space and wow for years to come.

4 week lead time

No one does it quite like us. The fastest in the industry, our dedicated 2-person delivery service will ensure your delivery is stress-free, as well as fast.

NEW

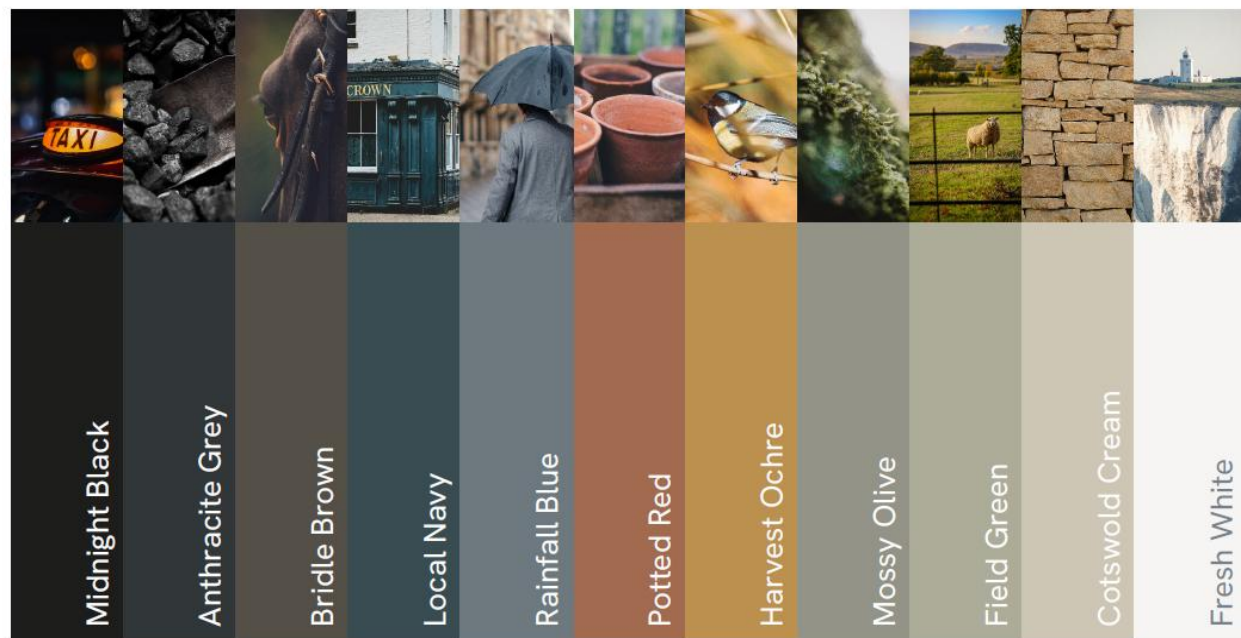

Introducing

Huescape Colour Palette

Huescape™ is our new exclusive
11-colour palette, inspired by the
timeless tones of the British landscape.

TIMELESS COLOURS | DISTINCTIVELY BRITISH | INCLUDED AS STANDARD

Designed to sit naturally within both modern and traditional gardens, Huescape™ complements planting schemes year-round — soft, earthy, and built to harmonise.

Bioclimatic Pergolas

Adjustable louvres give you control over sun, shade, and rain — for effortless outdoor comfort, year-round.

Custom Bioclimatic Pergola

A premium, specification-ready system for complex layouts, larger spans, and full design control.

Prices include:

- Available in any Huescape™ colour
- Seamless integrated warm white LED lighting to all four sides
- 24V motor and power unit
- Either Wireless Remote Control or Halo™ Control Buttons integrated back-lit controls
- 10-year structural warranty, 2-year electrical warranty

---------------------	------

Optional extras

Sliding or fixed glass panels

Maintain natural daylight levels whilst protecting from low temperatures and wet afternoons. Morvelle doors are made from 8mm toughened safety glass, with both 3, 5, 6 or 10 door systems available depending on your requirements.

We can also fit a fixed frame with laminated safety glass panels, and aluminium panels that offer enhanced privacy for your garden or protection from unsightly fences and bushes.

Zip screen blinds

Either manual or motorised, our zip screen blinds offer protection from the sun, additional shade and privacy in your personal outdoors. Housed inside an aluminium cassette, the exterior grade mesh fabric is attached via zip, keeping the fabric taut at all times - both functional and aesthetic. When not in use, they can be retracted and completely hidden from view.

Sliding Glass Doors

Size parameters

- Length: Max 6m
- Height: Max 2.5m
- Glass thickness: 8mm toughened glass
- 3 & 5 channel systems available
